

SERVICES

MediaRECOVER, LLC Offers Image, Data, and File Recovery Service

Our recovery service restores lost digital multimedia files from any and all types of media and data (smart media, compact flash, secure digital, etc). If you have accidentally deleted images, videos or audio files from your media, formatted the media, or pulled out the media during a write process we can recover your files. If the computer or camera asks you to format or initialize we can help you. Our recovery service offers you:

- Free card evaluation
- Quick and effective service - 1 to 3 day turnaround
- Flat-fee pricing
- There is no charge if we don't find your files
- Payments only after your files are recovered

Memory Size - All Media	Price - CDN
Up to 1gb	\$79.99
