With this intelligent design, you will not need a card reader anymore. Duo SD is an innovative dual-interface card which combines SD and USB interfaces. Data can be transferred among PC/NB, CE and Communication Devices freely without additional accessories such as a card reader. Furthermore, SD Duo complies with SD 1.1 and USB 2.0. Consumers can save money and be more efficient through buying a single SD Duo product!

### CAPACITY:

1 GB 2 GB
